INSTALLATION GUIDE

CAP Front Lip - V1 - 2020-2025

B9.5 Audi A4 S-Line/S4

1

RAISE THE FRONT OF THE VEHICLE

Raise the front of the car so you can safely access the underside of the front bumper.

2

PREPARE A CLEAN WORK AREA

Set up a clean, protected work surface and lay out the lip sections and hardware before assembly.

INSTALLATION GUIDE

CAP Front Lip - V1 - 2020-2025

B9.5 Audi A4 S-Line/S4

3

ALIGN THE CENTER AND SIDE PIECES

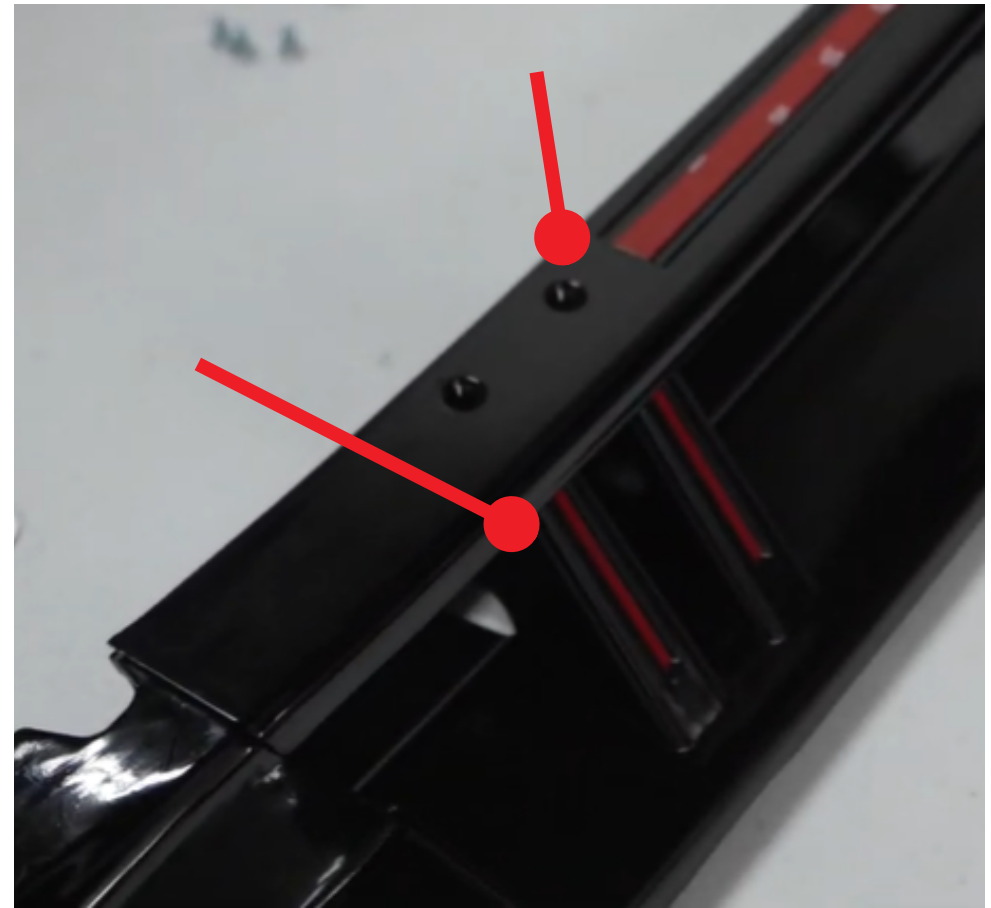

Line up the center-piece screw holes over the side-piece screw holes. Match the corresponding holes on both pieces and secure using the round Philips head screws

4

INSTALL THE CENTER-UPPER PIECE

Line up the center-upper piece with the locating tabs ("fangs") on both sides of the center piece, then clip both sides into place.

5

SECURE THE CENTER-UPPER PIECE

Flip the assembled lip over and secure the center-upper piece using the small Phillips screws.

5.2

SECURE THE CENTER-UPPER PIECE

Secure the fangs with the remaining small Phillips screws. Repeat on the opposite side.

6

CLEAN THE BUMPER SURFACE

Wipe down the underside of the front bumper with a clean microfiber cloth, especially the areas where the 3M tape will bond.

7

REMOVE THE 3M TAPE BACKING

Peel the protective backing from the pre-applied 3M adhesive tape.

B9.5 Audi A4 S-Line/S4

8

POSITION THE FRONT LIP

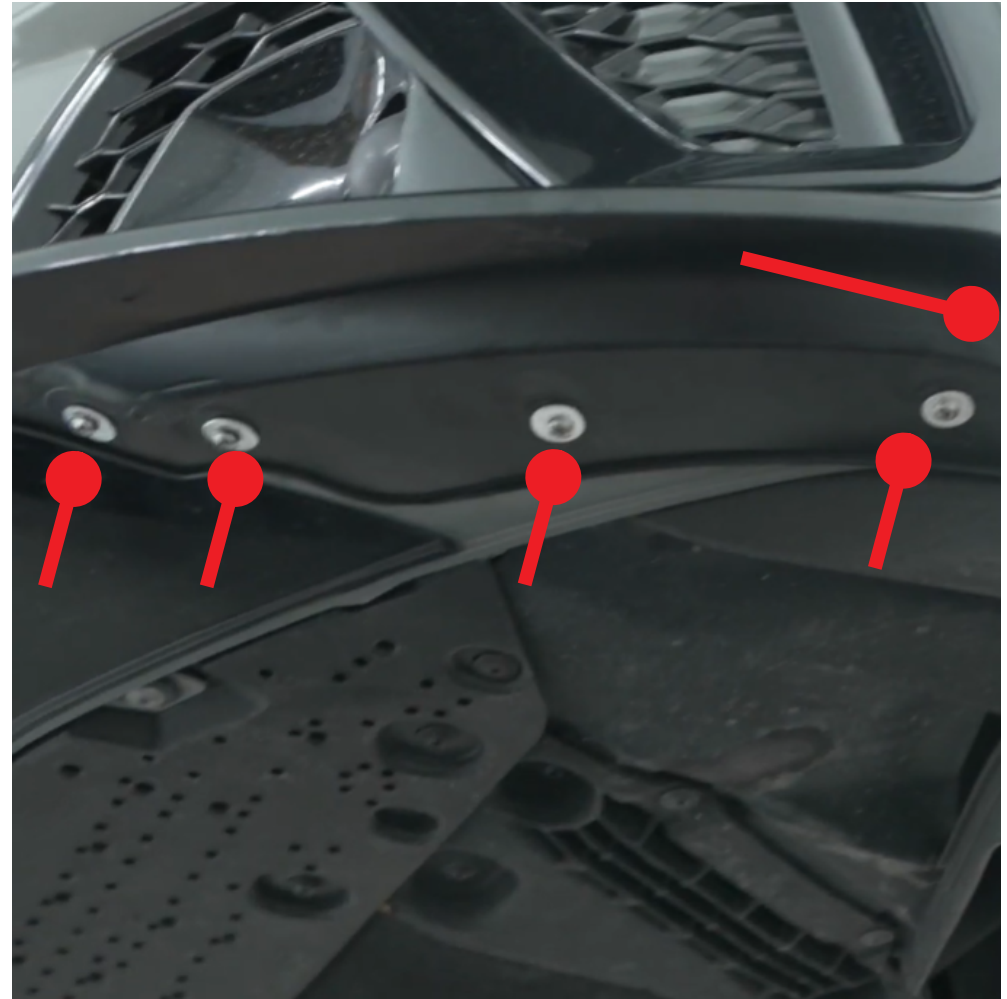

With the help of another person, line up the lip with the underside of the front bumper. Press the center section firmly against the bumper so the adhesive bonds,

9

SECURE THE FRONT LIP

secure the side mounting points while the second person supports and holds the opposite side in position.

INSTALLATION GUIDE

B9.5 Audi A4 S-Line/S4

CAUTION

Confirm the lip is aligned and securely attached before driving.

The lip is centered and sits evenly across the front bumper.

Both side sections are aligned and all assembly screws are secure.

The 3M adhesive is fully pressed against a clean bumper surface.

All side mounting screws are installed and secure.
